DESCRIPTION/OPTIONS: Based on the already dynamically pleasing Audi A4, the 2020 S4 adds horsepower and a sport-tuned suspension to the mix to dial in the performance. All-wheel drive is standard and the S4 is powered by a 349-hp turbocharged V-6 engine that hustles this four-door along—how's 4.3 seconds to 60 mph sound? The S4 has the moves, too, and it's never met a twisty stretch of road it couldn't conquer. This sports sedan means business—serious business. When it comes to being a well-made, very quick, well-rounded sports sedan, the S4 is one of the best on sale today. The high-performance S4 receives a host of exterior styling updates for 2020 to match the similarly updated A4 sedan. A new grille, new wheel designs, updated exterior mirrors, a trunklid spoiler, and updated front and rear bumpers give the 2020 model a fresh look. Inside, a new 10.1-inch infotainment display replaces last year's 8.3-inch screen. Upgrading from the base Premium model doesn't add more horsepower or driving excitement, but the \$2500 leap to the mid-range Premium Plus does add a handful of luxuries that buyers in this segment may feel are essentials. Among them are a wireless smartphone-charging pad, keyless entry with push-button start, the Virtual Cockpit digital gauge display, blind-spot monitoring, and front and rear parking sensors.
